

Conservative Renewal PAC's Mission

Our mission is to elect strong, conservative, pro-growth candidates, who are committed to shrinking the size and scope of government, reducing regulatory burdens, protecting Constitutional rights, implementing sound fiscal policy and protecting our citizens through strong national defense and homeland security initiatives.

Mission 2012—Electing a Strong United States Senator with Strong Texas Values

Texas is a great state and we Texans deserve a great representation in the United States Senate and House of Representatives.

The 2014 goal of Conservative Renewal PAC, a Texas-based organization, is to ensure that the interests of Texans are served by electing a strong, common-sense, pro-growth and pro-business leaders to the U.S. Congress who will fight for Texas jobs and a strong Texas economy. First and foremost, we believe that it is critical to the future of our state that we re-elect John Cornyn to the United States Senate. Then we need to back him up by electing other strong conservative Republicans in the US House to help promote the conservative agenda there.

Senator John Cornyn is a proven conservative with a strong record of accomplishment and leadership that Texans needs working for us in Washington.

Tragically, that mission is under attack and Senator Cornyn needs our help. John is a strong leader, but he cannot win this fight alone. He is under fire and he needs us to join us in his fight, so that he can go to Washington and continue fighting for all of us.

Please join our fight today to continue strong Texas conservatives to Washington.
